Special Officer's remarks on the file relating to the Rules of Business and Procedure in the Representative Assembly.

"It seems necessary to provide for reference from the Representative Assembly to Economic Development Board of economic subjects. This may be separately put up".

Intld. R. R.

In connection with their recommendations relating to the Economic Development Board and the Central Boards, the Committee in page 141 of their Report, while proposing that a definite place -- should be assigned to the above Boards under the constitution either by mention in the Proclamation as permanent institution in the State or by statutory recognition, have suggested that a connection may be established between the Central Boards on the one side and the Representative -- Assembly and the Legislative Council on the other by making provision for Economic Development questions being referred to these Boards at the -- instance of the Representative Assembly and of the Legislative Council by means of resolutions requesting Government to refer such questions to them.

Orders have been passed as regards the constitution of the Central Boards and Economic Development work in general. The suggestion made by them

for economic questions being referred to the Central Boards by the Assembly and Council has now to be considered.

As the resolutions to be moved in both the bodies (Representative Assembly and the Legislative Council) and the representations to be discussed at the Representative Assembly will be, under the Regulations relating to these bodies, subject to such conditions and restrictions as to subject and other matters, Rules may be added in the portions, relating to the resolutions and representations under the Rules of Business and Procedure framed for these bodies.

The following is suggested:-

As regards resolutions, the following may be added in their proper places in both ~~bodies~~ the rules:-

"Resolutions on subjects relating to the economic development of the State may, when so desired ~~or at the discretion of Government~~, be referred to the Central Advisory Economic Board concerned for consideration by the Board or by the Conference. The decision of the Board or of the Conference on the subject shall be communicated to the Assembly Council at its next session."

at the discretion of the Govt.

~~As regards~~ Representations, when a subject of economic importance is discussed and the Assembly (~~whose opinion may be ascertained~~) desire that Council it may be referred to any of the Boards, it ~~shall~~ may be so referred to the Board concerned for

It has been decided to treat the Central advisory Boards (of Edn., Agriculture, Industries and Commerce) as permanent institutions forming part of the admn. of the State. It is therefore necessary to provide for refce. to these Boards of the R.A. or the d.c. of matters of an economic character. The rules as proposed above are put up for consideration and, if approved, will be in suitable place in the Rules of Business of the R.A. and the d.c.

Ch. Secy. 19/10.

The rules proposed above are unobjectionable, but, I believe, when the question was considered in Council it was thought unnecessary to make any such provision as

There seems appears some doubt as to the exact purpose. Is it open to members of the Representative Assembly or the Legislative Council to move that a subject or a resolution be referred to the Economic Development Board and if the resolution is passed will it be obligatory on the Assembly or the Council. The matter will be different if the President is invested with the power to refer a subject or a resolution to the Development Board independently of the Assembly or the Council - but it is not intended to take this power and I do not think that it is right that such power be taken.

~~Could this matter be discussed~~
